Author of...
Cutting School
Privatization, Segregation,
and the End of Public
Education

IMPACT EMPOWERMENT GROUP, Inc.

JANUARY 31st

6:00pm

Blair-Caldwell
African
American
Library

"A bold and groundbreaking work. . . . This timely book is essential reading not only for anyone who cares about the well-being of our children, but for all who care about the future of democracy and justice in America."

—Danny Glover, actor and humanitarian

"A work that brilliantly connects history to the present. . . . A must-read for anyone interested in saving public education."

—Angel Harris, author of *Kids Don't Want to Fail*

*"Cutting School should transform the scholarly and activist conversation about privatization and public education just as Michelle Alexander's **The New Jim Crow** has done for the war on drugs and mass incarceration."*

—Khalil Gibran Muhammad, author of *The Condemnation of Blackness*

"Rooks introduces the term 'segrenomics' into our political lexicon and has provided...a powerful tool imbued with political clarity, historical rigor and contemporary relevance. Read this book!"
